Web <http://www.chezsamuel.com/meghome.php>

MEG is a local group formed to assist residents in opposing inappropriate development. Our aim is to protect the neighbourhood character and residential amenity of Malvern East against the proliferation of low-quality, bulky and ugly buildings and the disappearance of backyards and private space. We are all volunteers with no other agenda but to preserve what makes our suburb and those surrounding it such pleasant places in which to live.

We belong to a coalition of 250 residents' groups throughout Victoria, all with a common aim of exposing and opposing the systematic destruction of what we value in our areas.

There is constant pressure from developers for more and more intense development. MEG offers its members support, information and advice regarding planning issues. We have members in other suburbs of Stonnington

Our Group is growing and needs to grow even more in order to be a stronger voice against the gradual destruction of our suburb. There is power in numbers. If you agree with our objectives, please join this grass-roots movement in Malvern East. You will receive regular newsletters and updates. Our contact details are at the top of the page and on the Stonnington website.
