

# **RESTORE RESIDENTS' RIGHTS**

**'PLAN MELBOURNE 2017-2050' AND  
PLANNING SCHEME CHANGES WILL  
FURTHER REMOVE RESIDENTS' RIGHTS.**

**Rally on the steps of Parliament 8<sup>th</sup> June at 1 pm.**

**We demand that residents' rights are restored and that  
Plan Melbourne 2017-2050 is amended accordingly.**

**Not only does this latest 'Plan Melbourne' remove more  
of our rights, the protection provided by the residential  
zones has been dramatically reduced and 70% of all  
new development will be forced into our established  
suburbs. Also multi-storey apartments in your local  
street will be encouraged with no objections allowed.**

**Professor Michael Buxton (School of Global, Urban &  
Social Studies, RMIT) will be the main presenter  
along with other prominent speakers.**

**The presence of you and your members will help us to get our  
rights restored and changes made to protect our homes.**

**Authorized by Mary Drost, Convenor of PLANNING BACKLASH INC. registered under the  
Associations Incorporation Act. Planning Backlash is a coalition of over 250 resident and  
community groups from across Melbourne as well as country and coastal areas of Victoria.
